Responsibilities of Ownership

Dear BMW Owner;

Congratulations on the purchase of your new BMW motorcycle. Whether you have just purchased your first BMW or you are a previous owner, we hope your new BMW will live up to your expectations in every way.

The proper care and service of your new BMW is essential to its safe, dependable operation, longevity and to the protection of your investment.

Your BMW is covered by a new motorcycle limited warranty, noise emission warranty/tampering provisions and an emissions related defect warranty. Detailed warranty information is contained on pages 3-17.

Our Customer Assistance Department, now accessible via a toll-free number, is at your service. The phone number is 1-800-831-1117.

We recommend that you place all the service needs of your BMW in the hands of your BMW Dealer who has made a substantial investment in Service Training, Special Tools, Diagnostic Equipment and Original BMW Parts. Certified Technicians perform high quality repairs in a minimum amount of time.

BMW personnel work closely with BMW Dealers to maintain the highest standards for their service and parts departments.

This booklet is provided by BMW NA to inform you of applicable motorcycle warranties.

BMW manufactures its motorcycles to high production quality standards. Your BMW Rider's Manual will provide information on Operation Instructions, Safety and Riding hints, General Specifications, as well as additional care and maintenance procedures with intervals for your motorcycle.

The finish of your motorcycle will be enhanced by regular washing with approved cleaning products, avoiding high pressure washing systems, and touching up any stone chip damage immediately. Since paint finishes are susceptible to fading from environmental influences, we strongly recommend that your motorcycle remain covered when not in use. Your authorized dealer sells a complete line of care products approved by BMW NA.

Safe operation of the disc brake system on your motorcycle will be realized by following

BMW's recommendation to change brake fluid annually regardless of mileage. More frequent changes may be dictated by the climatic severity of your geographic location.

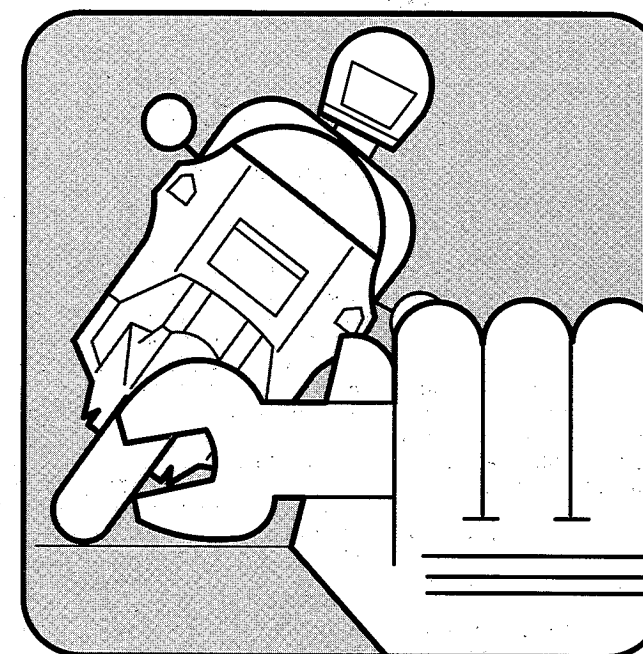

When your motorcycle is not in regular use, the BMW Rider's Manual gives you suggested steps to aid in the proper storage of your motorcycle and specific instructions regarding care of your motorcycle battery.

The effort you make to provide regularly scheduled maintenance, proper care for the finish and consistent annual servicing will reward you with years of safe and reliable enjoyment of your motorcycle. **Always carry your vehicle documentation when travelling.**

**BMW of North America, Inc.
Motorcycle Group**

- Noise Emissions Warranty/Tampering Provisions
- Emissions Related Defect Warranties (2)
- Limited Warranty Original BMW Motorcycle Parts which include the following:
 - Parts replaced at the dealership
 - Parts sold over the counter
 - Parts purchased mail order
- Limited Warranty Original BMW Motorcycle Rider's Wear

Customer Assistance Notification

During a specified period, (usually the earlier of 12 months or 12,000 miles, though this period varies by state), some states require us or our authorized dealer, to repair in a reasonable number of attempts, any defect or condition which substantially impairs the use, value, or safety of a new vehicle sold, leased, or registered in that state for personal or family use.

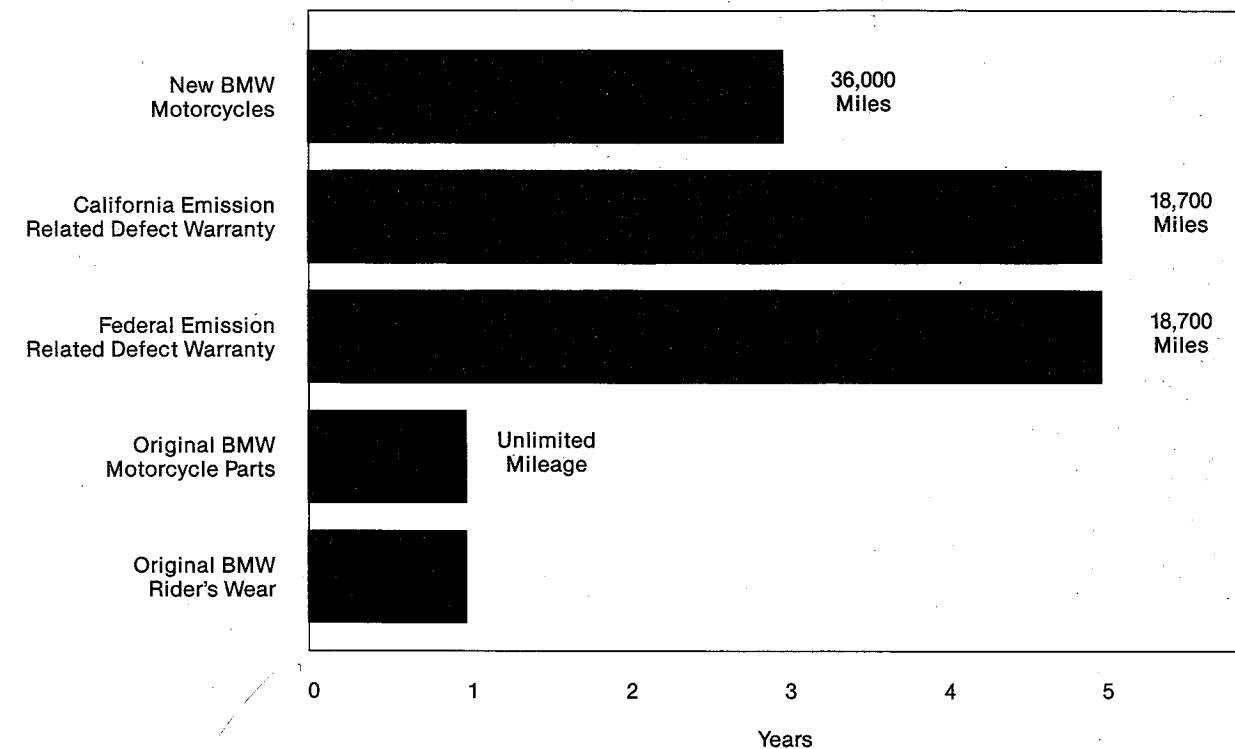

A "reasonable number of attempts" has been defined as (i) two or more attempts to repair the same defect (this may vary by state) or (ii) that the same defect has caused the vehicle to be out of service for more than 20 days (this period may vary by state), except for delays created by conditions beyond our control.

If we are unable to correct a defect or condition covered by these statutes in a reasonable number of attempts, we are obligated either to replace the vehicle or reimburse the owner/lessee in an amount equal to the purchase price or lease payments paid by the owner/lessee, less that amount directly attributable to use of the vehicle by the owner/lessee.

You should send written notification directly to BMW of North America, Inc. of the existence of an alleged defect.

**Send written communication to:
BMW of North America, Inc.

300 Chestnut Ridge Road
Woodcliff Lake, NJ 07675
or call 1-800-831-1117**

Summary of BMW Limited Warranties 1996 Model Year

Limited Warranty — BMW Motorcycles 1996 Models (Sold From January 1, 1996) (Valid only in the U.S.A.)

BMW of North America, Inc. warrants to the first retail purchaser and each subsequent purchaser of 1996 U.S. specification BMW motorcycles, imported by BMW of North America, Inc., or sold through the BMW of North America, Inc. European Delivery Program, to be free of defects in materials or workmanship for a period of 3 years or 36,000 miles (whichever occurs first), commencing with the date the motorcycle is delivered to its first retail purchaser. To obtain service under this warranty, the motorcycle must be brought, upon discovery of the defect, to the workshop of any authorized BMW motorcycle dealer. This dealer will, without charge for parts or labor, either repair or replace the defective part(s) using new or authorized remanufactured parts. The decision to repair or replace said part(s) is solely the prerogative of BMW of North America, Inc. Parts for which replacements are made become the property of BMW of North America, Inc.

BMW of North America, Inc., makes no other express warranty on this product except the warranty as to the emission control system. **The duration of any implied warranties, including the implied warranty of merchant-**

ability, is limited to the duration of the express warranty herein. BMW of North America, Inc., hereby excludes incidental and consequential damages, including loss of time, inconvenience, or loss of use of the vehicle, for any breach of any express or implied warranty, including any implied warranty of merchantability that may be applicable to this product. Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you.

This warranty gives you specific legal rights, and you may also have other rights which vary from state to state. Any legal claim or action arising from any express or implied warranty contained herein must be brought within 12 months of the date it arises.

The following items are warrantable for defects in material and workmanship for the first 12 months:

- Paint and powder coat finishes
- Battery

This warranty does not apply to the following:

Maintenance Services - This includes, but is not limited to, scheduled maintenance, such as oil changes, wheel balancing; mechanical adjustments or repairs which become necessary through normal wear and tear such as carburetor/throttle body synchronization or steering bearing adjustments; or periodic maintenance such as input and Paralever drive shaft spline lubrications.

Service & Wear Items - This includes, but is not limited to, the replacement of brake pads, linings and rotor assemblies, clutch plates, spring strut dampers, steering head, wheel and swing arm bearings and ball joints, incandescent bulbs, fuses and rubber items such as hand grips, foot rests, foot shift, control cable shields, exhaust pipes and mufflers for discoloration of finish.

Batteries - Batteries that exhibit signs of neglect or overcharging.

Tires - Tires are warranted by their respective manufacturer for defects in materials and workmanship.

Radio/Cassette/Intercom/Headset - Service performed by anyone other than the radio manufacturer, which results in damage to the product. Any radio component subjected to contamination of any nature, or which has had the serial number altered, defaced or removed, or which has been connected, installed, adjusted or repaired other than in accordance with instructions furnished by BMW NA or the radio manufacturer. Elimination of static or other electrical interference, external to the audio system, tape head cleaning, or adjustments. Radio serial number must appear on original sale documentation.

Lack of Service - This includes, but is not limited to, damage attributable to failure to perform maintenance services at the specified intervals or in accordance with the instructions in the Rider's Manual and/or Service & Technical booklet and/or Warranty Information/Service History booklet. Proof must be provided either by a paid invoice copy or filling in the appropriate boxes in the Service & Technical booklet or Warranty Information/Service History booklet.

Damage - This includes, but is not limited to, damage resulting from negligence, improper treatment, accidents or improper accident

damage repairs, corrosion from road salts, battery acid, cleaning agents, environmental influences, or treatment contrary to the Riders Manual, Service & Technical booklet and/or Warranty Information/Service History booklet.

Non-BMW Parts - Damage to a component or assembly due to the installation of replacement parts with specifications that differ in any material respect from Original BMW Parts.

Towing - Note: Limited towing assistance is available through the BMW Motorcycle Roadside Assistance Plan.

The warranty shall be null and void if:

1. **The motorcycle is used in any competitive events.**
2. **The motorcycle has been declared a total loss or sold for salvage purposes.**
3. **If the Vehicle Identification Number has been altered or cannot be read.**
4. **Any performance accessories or components attached to the vehicle which alters the original engineering and/or operating specifications which results or may result in damage to other original components.**

Noise Emissions Warranty

BMW of North America, Inc. warrants that the noise emission exhaust system originally installed on this vehicle meets, at time of sale to first purchaser, applicable U.S. EPA noise emission standards under the Federal Test Procedure.

Tampering With Noise Control System Prohibited

Federal Law prohibits the following acts or the causing thereof:

1. The removal or rendering inoperative by any person other than for purposes of maintenance, repair or replacement of any device or element of design incorporated into any new motorcycle for the purpose of noise control prior to its sale or delivery to the ultimate purchaser or while it is in use, or
2. The use of the motorcycle after such device or element of design has been removed or rendered inoperative by any person.

Among those acts presumed to constitute tampering are the acts listed below:

- Change of intake cross-section.
- Alteration and/or removal of air-filter housing and/or air-filter.
- Disconnection of intake manifold from air-filter housing.
- Use of air-filter elements of smaller size or volume.
- Alteration and/or removal of exhaust system or components thereof.

California Emissions Related Defect Warranty 5 Year/18,700 Miles (30,000 Kilometers) (Valid only for motorcycles sold and registered in the State of California)

California Emission Control Warranty Statement

Your Warranty Rights and Obligations
The California Air Resources Board and BMW of North America, Inc. (BMW NA) are pleased to explain the emission control system warranty on your 1996 motorcycle. In California, new motor vehicles must be designed, built and equipped to meet the State's stringent anti-smog standards. BMW NA must warrant the emission control system on your motorcycle for the periods of time listed below provided there has been no abuse, neglect or improper maintenance of your motorcycle.

Your emission control system may include parts such as the fuel-injection system, the ignition system, and engine computer. Also included may be hoses, belts, connectors and other emission-related assemblies.

Where a warrantable condition exists, BMW NA will repair your motorcycle at no cost to you including diagnosis, parts and labor.

Manufacturer's Warranty Coverage:

—For 5 years or 18,700 miles (30,000 kilometers) whichever first occurs:

If an emission-related part on your motorcycle is defective, the part will be repaired or replaced by BMW of North America, Inc. This is your emission control system DEFECTS WARRANTY.

Owner's Warranty Responsibilities:

—As the motorcycle owner, you are responsible for the performance of the required maintenance listed in your Rider's Manual, Service & Technical booklet and/or in this booklet. BMW NA recommends that you retain all receipts covering maintenance on your motorcycle, but BMW NA cannot deny warranty solely for the lack of receipts or for your failure to ensure the performance of all scheduled maintenance.

—You are responsible for presenting your motorcycle to an authorized BMW Dealer as soon as a problem exists. The warranty repairs should be completed in a reasonable amount of time, not to exceed 30 days.

—As the motorcycle owner, you should also be aware that BMW NA may deny you warranty coverage if your motorcycle or a part has failed due to abuse, neglect, improper maintenance or unapproved modifications.

If you have any questions regarding your warranty rights and responsibilities, you should contact: **BMW of North America, Inc., Customer Assistance Department, 300 Chestnut Ridge Rd., Woodcliff Lake, New Jersey 07675**, or the California Air Resources Board at 9528 Telstar Avenue, El Monte, CA 91731.

BMW of North America, Inc. warrants to the first purchaser and each subsequent purchaser that this motorcycle is designed, built, and equipped so as to conform at the time of sale with all California Air Resources Board emission regulations applicable at the time of manufacture and that this motorcycle is free from defects in materials and workmanship which cause it to fail to conform with applicable regulations within the first 5 years or 18,700 miles (30,000 kilometers), whichever occurs first.

The 5 year/18,700 mile (30,000 kilometers) warranty period shall begin on the date the motorcycle is delivered to the first retail purchaser or, if the motorcycle is first placed in service as a "dealer demonstrator" prior to sale at retail, on the date the motorcycle is first placed in such service.

To obtain service under this warranty, the motorcycle must be brought, upon discovery of the defect, to the workshop of any authorized BMW motorcycle dealer. This dealer will, without charge for parts or labor (including diagnosis), either repair or replace the defective part(s) and other parts affected by the failure of the warranted part, if any. The decision to repair or replace said part(s) is solely the prerogative of BMW of North America, Inc. Parts for which replacements are made become the property of BMW of North America, Inc.

You are responsible for the performance of all required maintenance. A failure caused by the lack of required maintenance will not be covered. However, BMW NA will not deny warranty coverage if the lack of required maintenance was not the cause of the failure.

BMW of North America, Inc., strongly urges that the motorcycle be maintained and serviced (at the owner's expense) as prescribed in the maintenance schedule for the BMW Emission Control System. The instructions for proper maintenance and use can be found in the Service & Technical booklet and/or this booklet. The required maintenance intervals for your model can be found under the Emission Control Maintenance Schedule in this booklet.

It is recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be Original BMW Parts or Original Remanufactured BMW Parts. The owner may elect to have maintenance, replacement or repair of the emission control devices and systems performed by any motorcycle repair establishment or individual, and may elect to use parts other than Original BMW Parts or Original Remanufactured Parts for such maintenance, replacement or repair without invalidating this warranty; the cost of such service or parts, however, will not be covered under the warranty except in cases of emergency.

Use of replacement parts which are not of equivalent quality may impair the effectiveness of emission control systems. If other than Original BMW Parts or Original Remanufactured BMW Parts are used for maintenance, replacement or repair of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to Original BMW parts in performance and durability. BMW NA assumes no liability under this warranty with respect to parts other than Original BMW Parts and Original Remanufactured BMW Parts. However, the use of non-BMW replacement parts does not invalidate the warranty on other

components unless non-BMW parts cause damage to warranted parts.

In the case of emergency where an authorized BMW motorcycle dealer is not available, repairs may be performed at any available service establishment or by any individual using any replacement part. A part not being available or a repair not being complete within 30 days constitutes an emergency. BMW NA will reimburse the owner for such repair (including diagnosis) not to exceed the manufacturer's suggested retail price of all warranted parts replaced and labor charges based on the manufacturer's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate that are covered under this warranty. Replaced parts and paid invoices must be presented at a BMW motorcycle dealership as a condition of reimbursement for emergency repairs not performed at a BMW motorcycle dealer.

BMW recommends that you retain all receipts and maintenance records as proof of maintenance and service or filling in the appropriate boxes in the Service & Technical booklet and/or this booklet. **Further, maintenance, replacement, or repair of the emission control devices and systems may be performed by any motorcycle repair establishment or individual using any equivalent part without invalidating the warranty.**

The following list of components are covered by this limited Emission Control Warranty. The specific part application-combination may vary according to model.

1. Air/Fuel Metering System

- Intake stub pipes
- Fuel injection valves
- Fuel pressure regulator
- Volume air flow sensor
- Throttle position sensors
- MOTRONIC engine control module
- Engine coolant temperature sensor
- Intake air temperature sensor
- Intake manifold assembly
- Throttle body
- Oxygen sensor
- Idle speed control valve

2. Ignition System

- Ignition control module/MOTRONIC engine control module
- Ignition coil
- Ignition wires

3. Crankcase Ventilation System

- Oil filler cap (sealed)
- Crankcase ventilation system

4. Evaporative Emission Control System

- Fuel tank
- Fuel filler cap
- Evaporative pressure valve (under the fuel tank)
- Evaporative solenoid valve
- Oil separator
- Carbon canister

5. Miscellaneous

- Hoses, clamps, fittings, gaskets, seals, connectors and tubing for the above systems.

6. Catalyst

The following items are covered by the Limited Emission Control Warranty, but must be replaced at 12,000 miles (20,000 kilometers) as part of the scheduled maintenance, at the customer's expense.

- Spark plugs

Emissions Related Defect Warranty 5 Year/18,700 Miles (30,000 Kilometers) (Valid only in the U.S.A.)

BMW of North America, Inc. warrants to the first retail purchaser and each subsequent purchaser that this motorcycle is designed, built, and equipped so as to conform at the time of sale with all U.S. Environment Protection Agency (EPA) emission regulations applicable at the time of manufacture and that this motorcycle is free from defects in materials and workmanship which cause it to fail to conform with applicable regulations within the first 5 years or 18,700 miles (30,000 kilometers), whichever occurs first.

The 5 year/18,700 mile (30,000 kilometers) warranty period shall begin on the date the motorcycle is delivered to the first retail purchaser or, if the motorcycle is first placed in service as a "dealer demonstrator" prior to sale at retail, on the date the motorcycle is first placed in such service.

To obtain service under this warranty, the motorcycle must be brought, upon discovery of the defect, to the workshop of any authorized BMW motorcycle dealer. This dealer will, without charge for parts or labor (including diagnosis), either repair or replace the defective part(s) and other parts affected by the failure of the warranted part, if any. The decision to repair or replace said part(s) is solely the prerogative of BMW of North

America, Inc. and must reasonably be expected to correct the failure of the warranted part. Parts for which replacements are made become the property of BMW of North America, Inc.

You are responsible for the performance of all required maintenance. A failure caused by the lack of required maintenance will not be covered. However, BMW NA will not deny warranty coverage if the lack of required maintenance was not the cause of the failure.

BMW of North America, Inc., strongly urges that the motorcycle be maintained and serviced (at the owner's expense) as prescribed in the maintenance schedule for the BMW Emission Control System. The instructions for proper maintenance and use can be found in the Service & Technical booklet and/or this booklet. The required maintenance intervals for your model can be found under the Emission Control Maintenance Schedule in this booklet.

It is recommended that any replacement parts used for maintenance, repair or replacement of emission control systems be Original BMW Parts or Original Remanufactured BMW Parts. The owner may elect to

have maintenance, replacement or repair of the emission control devices and systems performed by any motorcycle repair establishment or individual, and may elect to use parts other than Original BMW Parts or Original Remanufactured BMW Parts for such maintenance, replacement or repair without invalidating this warranty; the cost of such service or parts, however, will not be covered under the warranty.

Use of replacement parts which are not of equivalent quality may impair the effectiveness of emission control systems. If other than Original BMW Parts or Original Remanufactured BMW Parts are used for maintenance, replacement or repair of components affecting emission control, the owner should obtain assurances that such parts are warranted by their manufacturer to be equivalent to Original BMW parts in performance and durability. BMW NA assumes no liability under this warranty with respect to parts other than Original BMW Parts and Original Remanufactured BMW Parts. However, the use of non-BMW replacement parts does not invalidate the warranty on other components unless non-BMW parts cause damage to warranted parts.

In the case of emergency where an authorized BMW motorcycle dealer is not available, repairs may be performed at any available service establishment using any replacement part. A part not being available or a repair not being complete within 30 days constitutes an emergency. BMW NA will reimburse the owner for such repair (including diagnosis) not to exceed the manufacturer's suggested retail price of all warranted parts replaced and labor charges based on the manufacturer's recommended time allowance for the warranty repair and the geographically appropriate hourly labor rate that are covered under this warranty. Replaced parts and paid invoices must be presented at a BMW motorcycle dealership as a condition of reimbursement for emergency repairs not performed at a BMW motorcycle dealer.

BMW NA recommends that you retain all receipts and maintenance records as proof of maintenance and service or filling in the appropriate boxes in the Service & Technical booklet and/or this booklet. Further, **maintenance, replacement, or repair of the emission control devices and systems may be performed by any motorcycle repair establishment or individual using any equivalent part without invalidating the warranty.**

You may obtain further information concerning the emission warranties, or report violations of warranty terms, by contacting the Director, Field Operation and Support Division (EN-397F), Environmental Protection Agency, 401 "M" Street, S.W., Washington, DC 20460.

The following list of components are covered by this limited Emission Control Warranty. The specific part application-combination may vary according to model.

1. Air/Fuel Metering System

- Intake stub pipes
- Fuel injection valves
- Fuel pressure regulator
- Volume air flow sensor
- Throttle position sensors
- MOTRONIC engine control module
- Engine coolant temperature sensor
- Intake air temperature sensor
- Intake manifold assembly
- Throttle body
- Oxygen sensor
- Idle speed control valve

2. Ignition System

- Ignition control module/MOTRONIC engine control module
- Ignition coil
- Ignition wires

3. Crankcase Ventilation System

- Oil filler cap (sealed)
- Crankcase ventilation system
- Oil separator
- Carbon canister

4. Miscellaneous

- Hoses, clamps, fittings, gaskets, seals, connectors and tubing for the above systems.

5. Catalyst

The following items are covered by the Limited Emission Control Warranty, but must be replaced at 12,000 miles (20,000 kilometers) as part of the scheduled maintenance, at the customer's expense.

- Spark plugs

Limited Warranty — Original BMW Motorcycle Parts

BMW of North America, Inc. warrants Original BMW Parts, and Original Remanufactured BMW Parts, imported by BMW of North America, Inc. and installed by an authorized BMW Motorcycle dealer, purchased over the counter or by mail order from an authorized BMW Motorcycle dealer, against defects in materials and workmanship for a period of 12 months, commencing with the date of purchase. The warranty period shall commence from the date of installation on all parts installed by an authorized BMW Motorcycle dealer. The exception is workshop tools, which are warranted for 6 months. Warranty on parts replaced during the warranty period will remain in effect for the duration of the vehicle warranty or the replacement parts warranty, whichever is longer.

To obtain service under this warranty for parts installed by an authorized BMW Motorcycle dealer, the BMW motorcycle must be presented to an authorized BMW Motorcycle dealer. Upon presentation of the original repair order invoice or bill-of-sale showing the installation date and BMW part number, the dealer will repair or replace said part(s) or accessories covered by this warranty without charge for parts or labor to the customer.

To obtain service under this warranty for parts purchased over the counter or by mail order from an authorized BMW Motorcycle dealer, the defective part(s) or accessories must be brought to an authorized BMW Motorcycle dealer. Upon presentation of the original sales invoice showing the purchase date and BMW part number, the dealer will repair or replace said part(s) or accessories covered by this warranty free of charge. This warranty does not cover labor costs for the removal or installation of the part(s) or accessories.

The decision to repair or replace said part(s) or accessories, which are found to be defective, is the sole prerogative of BMW of North America, Inc. Parts, for which replacements are made, become the property of BMW of North America, Inc.

BMW of North America, Inc., makes no other express warranty on this product.

The duration of any implied warranties, including the implied warranty of merchantability, is limited to the duration of the express warranty herein contained. BMW of North America, Inc., hereby excludes incidental and consequential damages, including loss of time, inconvenience, or loss

of use of the vehicle for any breach of any express or implied warranty including the implied warranty of merchantability that may be applicable to this product. Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

This warranty does not apply to the following:

Maintenance Services - This includes, but is not limited to, scheduled maintenance, such as oil changes, wheel balancing; mechanical adjustments or repairs which become necessary through normal wear and tear such as carburetor/throttle body synchronization or steering bearing adjustments; or periodic maintenance such as input, Paralever and drive shaft spline lubrications.

Service & Wear Items - This includes, but is not limited to, the replacement of brake pads, linings and rotors, clutch plates, spring strut dampers, steering head, wheel and swing arm bearings and ball joints, incandescent bulbs, fuses and rubber items such as hand grips, foot rests, foot shift, control cable shields, exhaust pipes and mufflers for discoloration of finish.

Batteries - Batteries that exhibit signs of neglect or overcharging.

Tires - Tires are warranted by their respective manufacturer for defects in materials and workmanship.

Radio/Cassette/Intercom/Headset - Service performed by anyone other than the radio manufacturer, which results in damage to the product. Any subjected to contamination of any nature, or which has had the serial number altered, defaced or removed, or which has been connected, installed, adjusted or repaired other than in accordance with instructions furnished by BMW NA or the radio manufacturer. Elimination of static or other electrical interference, external to the audio system, tape head cleaning, or adjustments. Radio serial number must appear on original sale documentation.

Lack of Service - This includes, but is not limited to, damage attributable to failure to perform maintenance services at the specified intervals or in accordance with the instructions in the Rider's Manual and/or Service & Technical booklet and/or Warranty Information/Service History booklet. Proof must be provided either by a paid invoice copy or filling in the appropriate boxes in the Service & Technical booklet or Warranty Information/Service History booklet.

Damage - This includes, but is not limited to, damage resulting from negligence, improper treatment, accidents or improper accident damage repairs, corrosion from road salts, battery acid, cleaning agents, environmental influences, or treatment contrary to the Riders Manual, Service & Technical booklet and/or Warranty Information/Service History booklet.

Non-BMW Parts - Damage to a component or assembly due to the installation of replacement parts with specifications that differ in any material respect from Original BMW Parts.

Towing - Note: Limited towing assistance is available through the BMW Motorcycle Roadside Assistance Plan.

The warranty shall be null and void if:

- 1. The motorcycle is used in any competitive events.**
- 2. The motorcycle has been declared a total loss or sold for salvage purposes.**
- 3. If the Vehicle Identification Number has been altered or cannot be read.**
- 4. Any performance accessories or components attached to the vehicle which alters the original engineering and/or operating specifications which results or may result in damage to other original components.**

Limited Warranty - Original BMW Motorcycle Rider's Wear

BMW of North America, Inc. warrants Original BMW Motorcycle Rider's Wear, distributed by BMW of North America, Inc., and purchased over the counter or by mail order from an authorized BMW motorcycle dealer, against defects in materials and workmanship for a period of 12 months, commencing with the date of purchase.

To obtain service under this warranty, the defective Rider's Wear must be brought to an authorized BMW motorcycle dealer. Upon presentation of the original sales invoice showing the purchase date and BMW part number, the dealer will repair or exchange the item free of charge. The decision to repair or exchange said item(s), which are found to be defective, is the sole prerogative of BMW of North America, Inc. Items for which exchanges are made, become the property of BMW of North America, Inc.

BMW of North America, Inc. makes no other express warranty on this product.

The duration of any implied warranties, including the implied warranty of merchantability, is limited to the duration of the express warranty herein contained. BMW of North America, Inc. hereby excludes incidental and consequential damages, including loss of time, inconvenience, or loss of use of the vehicle for any breach of any express or implied warranty including the implied warranty of merchantability that may be applicable to this product. Some states do not allow limitations on how long an implied warranty lasts, or the exclusion or limitation of incidental or consequential damages, so the above limitations and exclusions may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.

Emission Control Maintenance Schedule
